## Online Safety and Computing Workshop - Wednesday 11th February 2026 - 2.00pm–3.00pm

Dear Parents and Carers,

We are pleased to invite you to an Online Safety and Computing workshop designed to support you in understanding how your child uses technology and how to keep them safe online.

The session will begin with a short talk for parents and carers, focusing on online safety, age-appropriate technology use and practical guidance you can use at home. This will give you the opportunity to ask questions and gain a clearer understanding of how we support online safety in school.

During the second part of the workshop, your child will join you to take part in fun, hands-on computing activities using iPads. This is a great opportunity to see how your child learns through technology and to share this experience together.

Places are limited and will be allocated on a first-come, first-served basis. **If you would like to attend, please return the reply slip to the school office.** You will then be informed by the school office if you have been allocated a place.

On the day, please access the workshop via the side entrance to the Hall on the Nursery path.

Please keep the information above for your records.

Thank you for your continued support. We hope you are able to join us.

Yours sincerely,  
Miss Strahan (Computing lead)

**Please note this slip must be handed in to the school office only.**

I would like to attend the **Online Safety and Computing Workshop on Wednesday 11th February 2026, 2.00pm–3.00pm.**
